SUMMARY

I am an experienced web developer with a strong background in C#, HTML, and CSS. I have a track record of delivering high-quality web development projects, and I am skilled in managing servers for websites to ensure their security, performance, and availability. Additionally, I am proficient in various content management systems and e-commerce platforms, and I am committed to staying up-to-date with the latest web development technologies and trends.

EXPERIENCE

Full Stack WordPress Developer

OM & Barker

November 2022 - Present, Port Elizabeth

As a WordPress developer, I create, customize and maintain WordPress websites for clients or companies. This includes optimizing site performance, troubleshooting, server maintenance, and setting up email services. My role is to ensure clients have secure, reliable, and effective websites that meet their specific needs.

Sound/Light Technician

ZedCom Productions

April 2015 - Present, Port Elizabeth

As a sound technician, it's my responsibility to assemble, operate and maintain the technical equipment used to amplify, enhance, mix or reproduce sound. As a light technician I set up and control lighting equipment for live shows and productions.

Waiter

Rocomamas

April 2018 - November 2022, Port Elizabeth

The duties and responsibilities of me as a Waiter include welcoming and seating guests, taking guest orders, communicating them effectively to the kitchen and in addition, memorizing the menu and offering recommendations to upsell appetizers, desserts, or drinks.

Pump Maintenance Technician

Northfield Engineering

January 2018 - March 2018, Port Elizabeth

As a pump maintenance technician, my duties involve inspecting, troubleshooting, and repairing pumps, installing new equipment, maintaining accurate records, communicating with customers or plant personnel, ordering parts and supplies, and following safety procedures. Additionally, I stay informed about new technologies and best practices in the field.
