PROFILE

I am an experienced web developer with a strong background in C#, HTML, and CSS. I have a track record of delivering high-quality web development projects, and I am skilled in managing servers for websites to ensure their security, performance, and availability. Additionally, I am proficient in various content management systems and e-commerce platforms, and I am committed to staying up to-date with the latest web development technologies and trends.

WORK EXPERIENCE

● **Hive Digital** 2024 - PRESENT
Web Developer

- As a WordPress developer, I create, customize and maintain WordPress websites for clients or companies. This includes optimizing site performance, troubleshooting, server maintenance, and setting up email services. My role is to ensure clients have secure, reliable, and effective websites that meet their specific needs.

● **OM & Barker** 2022-2024
Web Developer

- As a WordPress developer, I create, customize and maintain WordPress websites for clients or companies. This includes optimizing site performance, troubleshooting, server maintenance, and setting up email services. My role is to ensure clients have secure, reliable, and effective websites that meet their specific needs.

● **ZedCom Productions** 2015-PRESENT
Sound/Light Technician

- As a sound technician, it's my responsibility to assemble, operate and maintain the technical equipment used to amplify, enhance, mix or reproduce sound. As a light technician I set up and control lighting equipment for live shows and productions.

● **Rocomamas Baywest** 2018-2022
Waiter

- The duties and responsibilities of me as a Waiter include welcoming and seating guests, taking guest orders, communicating them effectively to the kitchen and in addition, memorizing the menu and offering recommendations to upsell appetizers, desserts, or drinks.
